Welcome to Comfort Hands Group Homes

Comfort Hands Group Homes is an organization established to provide care and support to people with mental and developmental problems. Our genuine opinion is that we all have the right to be treated equally as members of the same community.

Regardless of our differences or limitations, we are all entitled to respect and equal access to a high-quality lifestyle. We are here to offer your precious loved to live safely and comfortably at home.

About Us

Who We Are

Individuals with developmental and intellectual disabilities and autism spectrum disorders may require more than just assistance to meet their needs. Because we understand our patients' conditions, our work focuses on result and satisfaction assessments, helping them develop a life filled with hope and contentment.

We understand that caring for your loved ones is not without its difficulties. Our years of expertise in the sector, on the other hand, give us the advantage of understanding how to approach our patients to meet their various demands. We collaborate with family members to achieve our goal of assisting your loved ones in realizing their full potential.

Our Mission

Our mission is to provide consistent integrative approaches to disability care services and increase each individual's potential while assuring their safety in an environment that promotes individuality and independence.

Our Vision

We aim to be the most trusted disability care provider, offering full support for our patients' day-to-day needs.
